

Frequently Asked Questions About the Lunch Program:

How do I load money onto my student's lunch account?

You can continue to send money to school with your parent or you can add money online using our meal account management program Titan School Solutions. You can create an account and manage your student's account by going to family.titank12.com and following the prompts.

Will my student's account balance transfer to their new school?

Your student's lunch account will follow them throughout their time with Cherry Creek School District.

Can I transfer money from one student to another?

Yes. Simply call Indira at the Food and Nutrition Services office (720) 886-7172 and she will be happy to assist with this.

Can I get the money in my student's account refunded?

Yes. Simply call Cheryl at the Food and Nutrition Services office (720) 886-7138 and she will be happy to assist with this.

Meals are free, so why am I seeing charges on my account?

It's likely that your child has purchased extra entrees, beverages, or a la carte items. These items are not included with the free meal. You can call Food and Nutrition Services (720) 886-7173 and we can review your child's account activity with you.

How do I view the school menus?

Menus can be found on www.cherrycreekschools.org by selecting *Programs and Services* from the banner at top, then Food and Nutrition in the middle column of the list. On the Food Service page select *Menus-Special Diet Information* from the site menu on the left. Click the large yellow box that says School Menus and choose your school.

My child needs a special diet due to food allergies or other restrictions. Can they still get school lunch?

Yes. You will need to fill out a Meal Modification Form found on the Food and Nutrition page at www.cherrycreekschools.org. Further instructions can be found on the form itself. For Questions, please call Luke Shealy, RD at (720) 886-7180.
