

Positive School Community Expectations

Colorado Skies Academy is an active learning community comprised of supportive faculty, staff, families, and volunteers who help make learners productive, collaborative members of the CSA school community. CSA is a project-based charter middle school with motivated students and responsible parents working together with exemplary facilitators to provide an excellent education in an environment that upholds the high expectations and values of leadership, responsibility, respect, loyalty, integrity, and compassion. The relationships fostered among learners, staff, and parents are supported by:

- Clearly defined responsibilities
- A shared commitment to collaboration
- Open lines of communication
- Mutual respect
- Common vision

I agree to help build a positive school community in the following ways:

- I will operate with the understanding that school staff holds the best interests of all students at heart, and will remind my child of this when necessary.
- CSA staff and facilitators will dedicate themselves to providing an excellent education in an environment that upholds the high expectations and values of leadership, responsibility, respect, loyalty, integrity, and compassion.
- At home, I will honor the time and efforts of the staff by taking responsibility to ensure my child is motivated, ready to learn, appropriately behaved, and always respectful of the staff and all other students.
- I will be a positive role model for my child by exhibiting the school character traits of leadership, responsibility, respect, loyalty, integrity, and compassion.
- When conflicts arise at school, I will seek to resolve them through appropriate channels by first approaching the person directly and respectfully before escalating my concerns to an administrator.
- I will help build and maintain a positive school environment by assuming best intentions and not participating in or tolerating gossip, and modeling this behavior for my child at all times.
